

**Andi Pritchett**

Audit Partner, Ernst & Young, LLP

---

Andi has more than ten years of public accounting experience providing services to multiple industries, including oilfield service and construction. Her clients range from large, multinational public companies to privately held entities and have provided her a detailed knowledge of technical accounting issues including acquisition matters, construction-type accounting, stock compensation matters, derivative and hedging activities.

In addition to filling a client-service role, Andi has served as a technical resident in the southwest region professional practice group and serves as a network specialist in the areas of inventory, income tax, and the new revenue recognition standard.

Andi's clients have included Chicago Bridge & Iron, Cameron International Corporation, Oceaneering International, Inc., Rubicon Oilfield International, and Hoover Group.

**Education**

Andi graduated from Texas A&M University - Commerce with an MBA.

**Other information**

Andi is a certified public accountant and serves as a leader in various Ernst & Young steering committees and industry groups.
